Ukranian - native
Russian - native
English - A2 elementary
(in progressing)
Polish - A2 elementary
(in progressing)

I am a motivated Frontend Developer with hands-on web development experience. I have a good level of coding in HTML5 and CSS3, I am very familiar with JavaScript (I plan to learn TypeScript and MySQL in the near future), I am familiar with responsive web design approaches and mobile solutions. Now I actively practice ReactJS, NodeJS, React Native and improve my knowledge, I study VueJS. I am looking for a company where I can develop as a developer.
